Thank you for taking the time to fill in our Parish Registration Form.
The number of families, the participation in the life our faith community,
and the mutual sharing in the financial responsibility of the parish,
will ensure spiritual health and viability of our parish.

" Membership has benefits "

- * **PADP (Parish Automatic Debit Program)** A worry free alternative to the weekly cash or cheque method of donation. It ensures a predictable income toward the operation of the parish even when persons are away.
- ** **Dates of Birth and Marriage** are asked so that we can get statistics regarding the age groups in our parish and thus plan appropriately. The dates will also be used to honour those celebrating key birthdays and anniversaries.
- *** **Occupation** is asked to give us a sense of the gifts and talents of those in our parish family.
